

## Other Services

*A very big thank you to all of you for sorting out our pond drainage. I am sure that the pond would have flooded at the end of October if you hadn't done the work when you did.  
Helen Johnson, Burmington, Shipston-On-Stour*

D W Clark Drainage can offer a wide variety of services other than sportsfield construction and drainage or landfill gas pipelines.

*Various stages of road side drainage at Carterton, for Hope and Clay Construction*

With our wide range of equipment we are able to undertake a variety of other works from pond clearance and construction to building farm tracks, installation of septic tanks and sewage treatment plants to name but a few.

*Excavation, installation and back filling of Cess Pit at Shennington Air Field.*

Our diverse knowledge and expertise coupled with specialist equipment has allowed D W Clark Drainage to grow into a leading force within the drainage and landfill industries. With forward planning the strength of our workforce and the flexibility of D W Clark we will continue to grow and diversify into other areas, securing the future of the company.

The 'hands on' approach of the managers and close liaison with our clients ensures customer satisfaction and repeat business.

*Dear Sir, I am writing this as I would like to tell you how very impressed we are with the pipeline work that your firm are doing in and around the village. All your men are helpful, efficient, tidy and quick about the job. I only wish other firms were the same.*

*The Coach House, Bletchington*

Over the years D W Clark has built up relationships with other companies which enables them to control larger contracts safe in the knowledge that sub-contractors take as much care and pride as the client expects.

*From the top: installing water pipe with the AFT 100, one of our laser guided Mastenbroek 1012 and large scale agricultural drainage with the BT6.*
